Burners

### **Our Products**

- Industrial Gas Burner
- Diesel Light Oil Burner
- Heavy Oil Burner
- Dual Fuel Burner
- Biomass Burner
- Asphalt Mixing Plant Burner

**Thermal Engineers**<sup>®</sup>  
Since 1980

## About Us

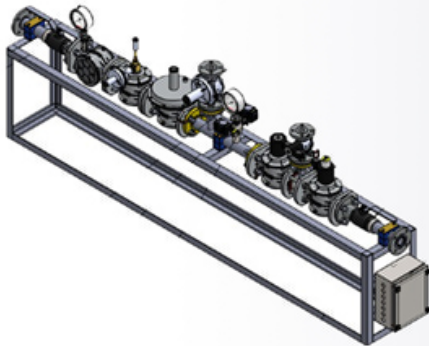

We are an ISO 9001:2015 certified company established in the year 1980 engaged in the business as manufacturers of IBR Boilers, Industrial Burners, MSW & dual chamber incinerators. Currently we are associating with Bharat Petroleum Corporation Limited for sale of Bharat Gas (LPG) in commercial sector. We are engaged as consultant engineers and contractors in designing, installation of LPG, LNG/PNG/CNG and other fuel piping installations in industries and commercial sector.

## Koala Burners

Manufacturers of world-class combustion equipment and systems for industrial, commercial, and utility markets, KOALA Burner provides solutions for controlling, igniting, and firing liquid and gaseous fuels in boilers and process furnaces. KOALA products ensure high efficiency and reliable operation combined with functional features that reduce installation time and maintenance and grant a flexible boiler/burner matching.

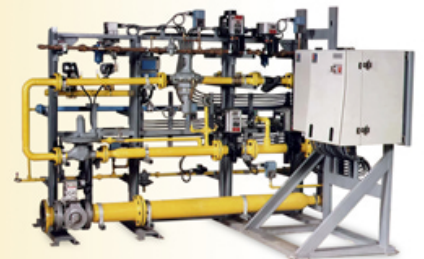

## Fuel Conversion to LPG and PNG

To convert Agrowaste/Wood/Furnace Oil / HSD / Coal fired Boilers, Furnaces, and its fuel system to LPG or PNG. Our team of Engineers work in collaboration with Bharat Petroleum Corporation Limited to carry out cost benefit analysis, designing the system, obtaining statutory approvals, commissioning the system, third party inspection and provide after commissioning support to the client.

## Gas Pipeline Installation

With the help of our experienced engineers and technicians we design, install, commission, obtain statutory approvals and provide support to the client for all kinds of gas pipeline works in industries, commercial buildings etc.
